

COURT NEWS

DISTURBED THE PEACE.

Three complaints were issued this morning by the county attorney, charging the following with having disturbed the peace at Saltair on the Fourth: William Ekstrand, Clarence Gillett and Louis Davis. The complaining witnesses are Claude Y. Russell and Andrew Smith, Jr. When Davis and Gillett were put in jail they proceeded to kick and beat Ekstrand, who was in jail at the time.

ORIGINAL FORMALLY CHARGED.

A complaint charging murder in the first degree was issued from the county attorney's office this morning against Dick Trignali, the Italian who is said to have killed Charles Dennis, the watchman, at Bingham.

FEDERAL COURT NOTES.

In the United States district court this morning the case of Mike Panovich, by his guardian ad litem Nick Sutkovich, against the American Smelting & Refining company, was ordered compromised on petition of plaintiff, for \$450. Panovich was suing for \$10,000 personal injury damages. The petition of the Schlegel Manufacturing company of New York, the Springfield Metallic Casket company of Springfield, O., and the Tonopah Lumber company of Verdi, Nev., to have the Crescent Manufacturing company of Salt Lake City declared involuntary bankrupt, was denied by Judge Marshall. The Crescent company applied for the appointment of a receiver to take charge of its affairs on Feb. 5, 1910, but in court this morning it was shown that the company was solvent and the petition was therefore denied.

CAPT. WEBB RETURNS.

Utah Battery Commander Home From School of Instruction.

Capt. W. C. Webb has returned from Fort Riley, Kan., the great artillery post of the army, where he was one of a large number of militia artillery officers from all over the country in attendance at the summer school of instruction. The captain says it was a case of rise at 6 o'clock in the morning, and keep going until 10 o'clock at night. There was no time for social festivities. From 8 until 11:30 a.m. there was a horseback hike of 25 miles, daily, and in the afternoon, it was all field practice with the guns. A special feature of this was "indirect firing." This is where the target can not be seen, as for instance, on the other side of a hill from the gun. To sight a gun under these circumstances, requires some fine work in mathematics. The Japanese did effective work in this line at the capture of Port Arthur. This "indirect firing" was drilled into the students as to become a part of their metaphysical make-up, something they are not likely to forget. They all returned home good gunners. That weather conditions cut no figure in army movements is something that the militia students found out at Fort Riley. A large part of the time Capt. Webb was there it rained "to beat the band" but that made not the slightest difference. The horseback hikes went on just the same, whether the students were drenched or not. But for the last few days prior to his departure, Capt. Webb says the weather switched right round and was hot enough to burn everything up. The drills went on just the same. The students stood the tests very well, none of them showing the white feather. Capt.

Webb says the artillery arm of the militia service generally has good reason to be proud of these men. Efforts are made to instruct along lines not adequately shown in the books. Both Capt. Webb and Lieut. Thomas profited remarkably by their experience.

PERSONALS.

Theodore Mumford, formerly proprietor of the White House hotel in this city, and for the last few years resident in England, is preparing to return to Salt Lake to resume his citizenship here.

Sody, J. B. Stewart of the Utah Woolgrowers association has returned from his ranch at the head of Provo river. He says there is no shortage of irrigation in that section of the state, and the sheep are doing well.

D. W. Jessup and Miss L. B. Jessup made the trip from the north end to Brighton's Monday on horseback in six hours and 20 minutes.

Solon Spiro and wife are visiting in San Francisco.

Will E. Tackaderry, a prominent wholesale grocer of Sioux City, Iowa, is stopping at the Fifth East hotel, guests of Mr. and Mrs. James K. Shaw.

Engineer M. S. Darrow of Rexburg, Ida., is in the city today, on irrigation business.

General Agent S. J. Seal of the International Harvester company, has gone to Idaho on a business trip.

General Supt. Sommers of the Bell Telephone company is convalescent at St. Mark's hospital from an operation to remove a tumorous growth from his nose.

Bathing at Saltair never better.

AT THE RESORTS

Saltair—The annual outing of the Cambrian association will be given at Saltair on Thursday, July 7, and from preparations made the occasion promises to be the best in the history of the organization. Postmaster Arthur L. Thomas, T. F. Thomas and John James and others are working hard for the success of the excursion.

Wandamere—The Pioneer Stake Relief societies and Primary associations will have their annual outing at Wandamere on Thursday of this week. Various committees have been working for some time in making preparations for the excursion, and a pleasant time is anticipated.

Lagoon—The Don Philippini band, an organization of national reputation, has been engaged to appear at Lagoon for 12 days beginning July 17, according to Simon Hamberger, president of the Lagoon road. The band is now playing at Denver. It is composed of 45 Italian musicians, and the leader, Don Philippini, is said to be one of the most remarkable musicians and conductors in the world. "We are constructing a shell bandstand in the grounds at Lagoon," said President Hamberger this morning, "and the people will be provided with seats in front of the bandstand in the grass. This will be one of a number of high class attractions to appear at Lagoon this season."

WINS DOUBLE HEADER.

The Salt Lake Stars won two hard-fought games from Grantsville Monday afternoon. The first score was 6 to 4, and in the afternoon game Grantsville was shut out. Hayes pitched the first game and was a puzzle. Brinkley was the star in the second game, shutting the Grantsville players out by his pitching. The score by innings was as follows:

First game:

Stars.....002 000 015-5 11 2

Grantsville.....000 300 004-8 4 4

Batteries—Hayes and Butler; Hudson and Sparks.

Second game:

Stars.....000 012 000-3 11 2

Grantsville.....000 000 000-0 5 2

Batteries—Brinkley and Butler; Wilson and Sparks.

FAIRVIEW WINS.

Fairview, July 4.—The Bennett Glass & Paint company's team was defeated in a snappy game by the local team Monday afternoon. The final score was 7 to 3. Johnson for the local nine was effective and steady. Hummel had a bad inning when the Fairview batters bunched their hits and won. The batteries—Fairview Johnson and Rigby; Bennett's Hummel and Spalding.

MCDONALD WINS GAME.

The Training school baseball nine defeated the Lincoln team at Liberty park Monday afternoon. Kendall pitched a steady game for the Training school, keeping the hits well scattered. In the sixth inning, McDonald lined out a two-bagger with two men on bases which gave the Training school the game.

SULLIVAN LOSES AGAIN.

Focattello, July 5.—Cyclone Johnny Thompson beat Pete Sullivan until the latter's seconds threw up the sponge in the ninth round of their fight which was scheduled for 20 rounds at the opera house. This is the sixth time the men have fought and but little interest was taken in the event. Poor old Sullivan has showed a reversal of form in the last three fights he has fought and was unable to show a "climber" of his former speed and cleverness. Gutz, Sullivan and Thompson left today for Salt Lake.

COLONEL ROOSEVELT TAKES TO THE WOODS

Oyster Bay, July 5.—There were no political visitors at Sagamore Hill yesterday. Col. Roosevelt and his family celebrated the Fourth of July by an excursion into the woods.

Col. Roosevelt's next political conference will take place today when Representative Poindexter, an insurgent from the state of Washington, is to be at Sagamore Hill.

KILLS MEXICAN WHO ATTEMPTS TO SHOOT.

Los Angeles, Cal., July 5.—An unidentified Mexican, while resisting arrest, was shot and killed in Sanborn town yesterday, the result of a riot call that took to the scene a squad of officers. The dead man, who had been ordered to surrender by the officers, snapped a pistol at Detective Talamantes who shot the Mexican through the heart.

EXAMINE ROOM OF NEWS CORRESPONDENT.

St. Petersburg, July 5.—The Russian police today searched the journals of Guy Beringer, the St. Petersburg correspondent of the Reuter Telegram company, Ltd., after the examination at headquarters Beringer was released.

A week ago the Russian secret police arrested Baron de Ungern Sternburg, correspondent of a semi-official Austro-Hungarian news agency and of one English and some continental newspapers. He was charged with communicating to Austria a report of a secret sitting of the duma dealing with the new distribution of the Russian army.

MODERN HAIR DRESSING

has played havoc with the tresses of the fair sex, and druggists everywhere are seeing large quantities of sage tea, such as was used by our grandmothers for restoring the growth of their hair and restoring its natural color. The demand for this sage tea is so great that one manufacturer has taken the market an ideal "sage tea," containing sulphur, a valuable remedy for dandruff and scalp rashes and irritations. This preparation, which is called Wynn's Sage and Sulphur, is sold by all leading druggists for 50 cents and \$1 a bottle, and will be sent direct by the Wynn Chemical Company, 74 Corland St., New York City, upon receipt of price.
